## ABOUT ME

Software Development student at FPT Polytechnic Quy Nhon (GPA 3.6/4), specializing in Next.js, React, JavaScript, and Tailwind CSS. Passionate about building clean, responsive interfaces with hands-on experience shipping real-world projects as a freelance developer, alongside frontend development and UI testing at FPT Software. Received the Excellent Student Award.

## WORK EXPERIENCE

### Freelance Web Developer

Aug 2025 – Present

*Freelance · Remote*

Independently designed and developed production web projects using modern frontend stack. Managed full project lifecycle from requirement gathering to deployment.

- Ngo Ngoay PaperFest ([ngongoay-paperfest.com](https://ngongoay-paperfest.com)) — Built a landing and event showcase site for a local creative paper festival; focused on responsive layout and visual storytelling.
- 2S Tinkering Shop ([2stinkering.vn](https://2stinkering.vn)) — Built the storefront website for a registered e-commerce business (officially notified with the Ministry of Industry and Trade — Bộ Công Thương); implemented product browsing UI and ensured a clean, conversion-friendly layout.
- Tổ Tò Mò ([totomo.org](https://totomo.org)) — Developed web presence for an early-stage education startup; collaborated closely with a designer to translate Figma designs into responsive, pixel-accurate interfaces.

*Tech: Next.js, React, Tailwind CSS, Vercel, Supabase*

### Website Developer

May 2025 – Jul 2025

*FPT Software Quy Nhon — JGE Tool (AI Generated Estimation Project)*

- Refactored and redesigned a main page in ReactJS to improve clarity and user experience.
- Used Postman to test .NET APIs and verified data rendering on the frontend.
- Identified and fixed various UI bugs to deliver a smoother product experience.
- Leveraged AI tools to automate repetitive tasks and improve development efficiency.

### Manual Tester

Aug 2024 – Oct 2024

*FPT Software Quy Nhon — Capitaland (UI Testing Project)*

- Analyzed user stories, JSON files, and Figma designs to understand project requirements.
- Executed test cases against design specs to verify functionality and user experience.
- Logged and tracked bugs in Jira; communicated effectively with the development team.

## SKILLS

### Technical

- Frontend: Next.js, React, JavaScript, HTML & CSS, Tailwind CSS
- Backend: Java Spring Boot (coursework), MySQL, MS SQL Server, Supabase
- Tools: Figma, GitHub, Postman, Jira, Claude Code, VS Code

### Soft Skills

- Communication · Teamwork · Time Management · Problem-Solving · Attention to Detail

### Language

- English (working proficiency)

## HONORS & AWARDS

---

- Excellent Student Award — 2023, 2024 & 2025
- 2nd Prize — Hackathon Touch A Life Contest (Apr 2025)
- 3rd Prize — Code Challenge Contest (Jul 2024)

## CERTIFICATIONS

---

- Career Essentials in GitHub Professional Certificate — GitHub (2025)
- HTML, CSS, and JavaScript: Building the Web — LinkedIn (2025)
- Prompt Engineering with ChatGPT — LinkedIn (2025)

## EDUCATION

---

### Software Development — Fullstack Web Development

2023 – 2025

*FPT Polytechnic Quy Nhon · GPA: 3.6 / 4.0*

Focused on building full-stack web applications with Next.js, React, JavaScript, and database management. Developed strong foundations in UI/UX and basic system design.
